Dear Parents, Guardians, and Caregivers of Spencer Valley

RE: New Elementary School on Greenville Site Update

In my previous update to you, I explained that Trustees had approved a phased approach to building the new elementary school, community centre and library on the current Greenville site.

I'm pleased to let you know that through our continued work with the City of Hamilton and the Hamilton Public Library, Trustees approved that the phased approach be withdrawn and that the Board move forward with the Greenville Community Hub project with our partners, with a tender being issued for the Board portion of the project as soon as possible.

The construction tender was issued last week, which will allow us to start the construction phase of construction this summer. Although past tenders have come in over budget, with the recent passage of Provincial Bill 66, we believe that submissions from prospective contractors will now come in within our budget.

I appreciate your patience as we move forward with a new elementary school on the former Greenville site, located at 625 Harvest Road. This new JK-8 school is part of a joint community project that includes a City of Hamilton community centre, a Hamilton Public Library and a Ministry Daycare.

I will continue to provide you updates as we move through this process. In the meantime, if you have any questions, please contact the school principal.

Sincerely,

Jane Macpherson
Superintendent of Student Achievement
