Dear Parents, Guardians, and Caregivers of Spencer Valley and Millgrove

RE: New Elementary School on Greenville Site Update

In my previous update to you, I explained that we are moving forward with the Greenville Community Hub project with our partners, the City of Hamilton, and the Hamilton Public Library.

I also communicated that the construction tender had been issued. I would like to provide you with an update on the tender.

The construction tender was issued in mid-April and closed at the beginning of June. The tender came in over budget. We are now in the process of working with the Ministry of Education and the low bidder towards our next steps. We are only able to start construction after we satisfy the Ministry and receive approval from them to proceed.

I appreciate your patience as we move forward with a new elementary school on the former Greenville site, located at 625 Harvest Road. This new JK-8 school is part of a joint community project that includes a City of Hamilton community centre, a Hamilton Public Library and a Ministry Daycare.

I will continue to provide you updates as we move through this process. In the meantime, if you have any questions, please contact the school principal.

Sincerely,

Jane Macpherson
Superintendent of Student Achievement
