

## “Work Hard, Leave a Legacy” Bursary

\$2200 (+ \$300 to charity of your choice)

At Brown Financial Security, we understand that the 2020-21 pandemic was a trying time for all students and the graduating class of Waterdown District High School: many have felt loss of health, jobs, mental health, social time, and so much more. We’d like to help ease the financial burden for someone who is **working hard to take what they learned from the Covid situation and is building a legacy for a better future, for themselves and their community**, and needs some financial assistance to make it happen. We’d like to hear how the pandemic affected you and influenced you to see the world a little differently (what you learned from Covid). The recipient of this award will be someone who sees the impact of the pandemic and will apply that insight, with hard work and post-secondary education, to help others build a brighter future. They will also choose a charity to help today, with a donation in their name.
