

# Safe Schools Action Plan

# Overview of our plan

2021 - 2023

This action plan flows from recommendations in the final report by the Safe Schools: Bullying Prevention and Intervention Review Panel, which Hamilton-Wentworth District School Board (HWDSB) Trustees approved January 25, 2021. This is a fluid document.

*“The next steps are about change – so that we all stay engaged in the issue, bring all of the supports on equity and mental health possible, and provide updates to the Board and community as we make progress.”*

*– HWDSB Director Manny Figueiredo*
