March 1, 2022

On behalf of the Board of Trustees, I wanted to extend our thanks to you in helping to provide feedback to develop the Candidate Profile.

The feedback sessions held with our external search firm, Promeus, were incredibly helpful and provided a lot of insight in order for them to determine the qualities being sought for the next Director of Education at HWDSB.

Trustees have been provided with the final candidate profile that was developed with your critical input. This candidate profile will now be released as the search begins.

You can view the profile [here](#).

We appreciate all of your participation in this process.

Sincerely,

A handwritten signature in black ink that reads "D Danko".

Dawn Danko
Chair of the Board
