

Sherwood Transition Update Letter – June 2023

Dear students and families of Sherwood Secondary School,

The most recent Transition Advisory Committee meeting for Sherwood Secondary School took place on Tuesday, May 30, 2023. The committee received an update on the construction progress at the permanent (High St) site and recommended the following:

- **Students and staff will start September 2023 on the current temporary (Palmer Rd) site as construction continues at the permanent (High St) site.**
- The current target move date is now estimated to be January 2024. Move in will take place over the winter break with students and staff returning to the permanent (High St) site when school returns in January 2024
- Families will receive the next project update in early October

We understand that this news may be disappointing to students, staff, and families, however, this project is a priority and work is proceeding as quickly as possible.

Further information about the transition can be found on the Sherwood Transition page at <https://www.hwdsb.on.ca/sherwood/transition/>.

We look forward to seeing the continued progress of the Sherwood permanent site and appreciate the patience from the Sherwood community as this project continues. Thank you for working with us on this project. We wish you a restful summer holiday.

Sincerely,

Simon Goodacre
Superintendent of Student Achievement
