PROCEDURES:

1.0 Reporting a Whistleblower Incident

- 1.1 A Whistleblower should communicate an act of suspected wrongdoing when they become aware of such a situation.
- 1.2 A Whistleblower should report a suspected wrongdoing to the confidential third-party whistleblower service at <http://www.integritycountsca.org/hwdsb>. A Whistleblower can file a report by phone, online or by mail. All three options will be available on the third-party website.
- 1.3 Members of the HWDSB Community may call the hotline and speak to an agent in the language of their choice to report a suspected wrongdoing.

Whistleblower Procedure

- 1.4 Members of the HWDSB Community may use the HWDSB Whistleblower Report Form (Appendix A) to file their report. This form is the same as the report that can be filed online and by phone. All three avenues of reporting will be translated into the five (5) most commonly spoken languages in HWDSB schools, as reported in the HWDSB Student Census (2022).
- 1.5 The Whistleblower should provide as much information as possible to enable the Board to follow up in an efficient matter and assess the whistleblower report.
- 1.6 The external third party will receive all whistleblower reports and after initial assessment for clarity, redirect the report to Privacy and Information Management Officer to review.
- 1.7 Anonymous reports will be accepted and investigated to the best of the Board's ability based on the information shared with the third-party company.
- 1.8 Information received by Integrity Counts is protected in accordance with the Whistleblower Policy, the Municipal Freedom of Information and Protection of Privacy Act (MFIPPA) and HWDSB's [Privacy Policy](#).

2.0 Support for the Whistleblower

- 2.1 All members of the HWDSB Community should use this procedure to report suspected wrongdoing to the Board.
- 2.2 Anyone who reports suspected wrongdoing to Integrity Counts will receive information about supports available to individuals who were subjected to the alleged wrongdoing.
- 2.3 Once the whistleblower report is received by the third-party company, the Whistleblower will be provided with information about supports available including:
 - a. Staff Resource List (Appendix C).
 - b. Community Supports and Mental Health Resources for Parents and Caregivers (Appendix D).
 - c. Community Supports and Mental Health Resources for Children and Youth (Appendix E).

3.0 Investigation of a Whistleblower Report

- 3.1 The Privacy and Information Management Officer is the designated Board official who will initially review whistleblower reports once received from Integrity Counts.
- 3.2 The Privacy and Information Management Officer will conduct an initial review of the report and determine whether the report falls under the definition of wrongdoing.

Whistleblower Procedure

- 3.3 Once reviewed, the Privacy and Information Management Officer will direct the whistleblower report to an internal department for further investigation:
 - a. Human Rights Office (for labour/employment related matters or to investigate the report under the [Human Rights Policy](#) and [Human Rights Complaints Resolution Procedure](#)).
 - b. Human Resource Services (to investigate the report under our [Workplace Violence and Harassment Policy](#), [Workplace Harassment Prevention Procedure](#) and [Workplace Violence Prevention Procedure](#)).
 - c. The appropriate Family of Schools Superintendent's office.
 - d. The Director of Education's office.
- 3.4 Where an employee who is part of Executive Council is named in the whistleblower report, the reported information will be provided to the Director. The Director may use a third-party investigator to investigate the report of suspected wrongdoing.
- 3.5 If an individual's concern(s) involves the Director, the Chair of the Board shall engage an independent third party to further investigate the report of suspected wrongdoing.
- 3.6 If a whistleblower report involves the Board or any trustee, the Board may create an investigation subcommittee, employ the services of a third party to conduct the investigation, or retain legal counsel to manage the review in accordance with the Trustee Code of Conduct.
- 3.7 If an individual's concern(s) involves the Privacy and Information Management Officer, the Director will be provided the report and the matter may be investigated by either internal or external resources.
- 3.8 An individual who is the subject of the suspected wrongdoing in a whistleblower report will participate in the investigation and be able to respond to report of alleged wrongdoing. If applicable, the individual will be supported by their respective union or a support person throughout the investigation process. The individual will be provided with the results of the investigation and any next steps upon closure of the investigation according to the applicable procedure.
- 3.9 The Whistleblower will receive regular and on-going, timely communication to ensure they are aware of the investigation process and how their report is being addressed. Further supports will be offered to the Whistleblower and the individual who is the subject of suspected wrongdoing throughout the investigation process.

Whistleblower Procedure

4.0 Contents of a Whistleblower Report

- 4.1 The whistleblower report should be factual and provide as much detail as possible about the whistleblower incident. The whistleblower report should provide a description of the concern, along with names, dates, witnesses and the evidence the Whistleblower has identified.
- 4.2 A reasonable review and proper investigation may be impractical without sufficient information being provided in the whistleblower report.
- 4.3 A Whistleblower has reprisal protection. Therefore, the Whistleblower is asked to disclose their identity when reporting a whistleblower incident, because an anonymous whistleblower report may not contain sufficient information to reasonably support a full and thorough investigation. Anonymous reports will still be investigated to the best of the Board's ability according to the appropriate Board procedure as outlined above.

5.0 Outcome of the Investigation

- 5.1 The Whistleblower will receive notification of the completion of the investigation according to the procedure through which the alleged wrongdoing was investigated.
- 5.2 Subject to the Municipal Freedom of Information and Protection of Privacy Act (MFIPPA), the Privacy and Information Management Officer or designate will inform the Whistleblower that the complaint is resolved to the best of the Board's ability according to the appropriate procedure.
- 5.3 Upon the completion of the investigation of the suspected wrongdoing, the Whistleblower will be asked for their feedback about the process. The feedback will be used to provide greater supports for the Whistleblower where needed and to strengthen Board procedures and communications for the Whistleblower. A summary of feedback will be shared semi-annually as part of the larger report about implementation of the Whistleblower Policy and Procedure. This report is presented to the Audit Committee and available to the public.
- 5.4 If the Whistleblower is dissatisfied with the outcome of the investigation, they may submit a request to the Director or Designate to have the outcome reviewed. Further, if their complaint was addressed either by the Human Rights Complaint Resolution Procedure or Workplace Harassment Prevention Procedure, the Whistleblower would follow the appeal process as outlined within either procedure.

6.0 Confidentiality and Protection from Reprisal

- 6.1 A whistleblower report will be treated in a sensitive manner.

Whistleblower Procedure

- 6.2 The Board may be required to inform external parties (e.g., regulatory colleges, Children's Aid Societies, police services) of an alleged whistleblower incident, at any stage following receipt of the complaint.
- 6.3 Reprisals against a Whistleblower or any witness acting in good faith are prohibited.
- 6.4 An individual found to have carried out a reprisal may be disciplined up to and including termination in the case of a Board employee(s), or the relationship with the Board may be terminated, subject to sanction or legal proceedings in the case of Trustees, students, volunteers, vendors, contractors and partner organizations.
- 6.5 An individual who is found to have committed one or more of the following may be disciplined up to and including termination in the case of a Board employee(s), or the relationship with the Board may be terminated, subject to sanction or legal proceedings in the case of Trustees, students, volunteers, vendors, contractors and partner organizations:
- A whistleblower incident.
 - Obstructing the investigation.
 - Making false statements.
 - Falsifying, destroying or concealing information that may be relevant to an investigation, or counseling another person to do so.
- 6.6 If the employee is a regulated professional, the Board may report the wrongdoing to the appropriate profession's regulatory body in accordance with the Board's legal obligations.

7.0 Records

- 7.1 Records relevant to the whistleblower incident and the investigation will be preserved by the Board.
- 7.2 Relevant records including reports, records of discussions and supporting information shall remain in the custody of the Privacy and Information Management Officer or designate for at least seven years.

8.0 Abuse of Process or Failure to Act in Good Faith

- 8.1 A Whistleblower who intentionally makes false accusations in reporting of a whistleblower incident is not protected under the Whistleblower Policy.
- 8.2 An individual who makes an unsubstantiated report that is knowingly false or made with malicious intent will be subject to discipline up to and including termination in the case

Whistleblower Procedure

of employees or the relationship with the Board may be terminated, subject to sanction, or legal proceedings in the case of Trustees, service providers, students, volunteers, vendors, contractors and partner organizations.

9.0 Evaluation

- 9.1 The Whistleblower Procedure will be consistency monitored and reviewed to ensure Whistleblowers are bringing forward reports of suspected wrongdoing without reprisal.
- 9.2 All Whistleblowers will be provided with evaluation tool to gather feedback on their experience through this procedure. The Director of Education or designate will receive all feedback about the process.
- 9.3 The Director will review the Whistleblower Procedure regularly to ensure no reprisals have occurred through feedback provided by Whistleblowers following the completion of the investigation.
- 9.4 The Director or designate will provide semi-annual reports to the Audit Committee about the implementation of the Whistleblower Policy and this procedure, a summary of non-identifiable submissions data and general findings.
- 9.5 The Director or designate will receive all complaints about the Whistleblower Procedure and review for potential action.

HWDSB School-Based Supports

HWDSB web page - [We Help: Mental Health and Well-being](#)

Social Work Services provides individual mental health and well-being supports for children and youth in the following areas:

- Mental health, such as anxiety or low mood,
- School avoidance and non-attendance, personal or social stressors (i.e., adverse childhood experiences, peer relationship, stress substance use),
- Family stressors that impact the student's functioning at school,
- Experiencing systemic oppression and discrimination (racism, poverty, colonialization, homophobia/biphobia/transphobia, poverty etc.),
- Crisis, such as imminent risk of harm to self or others.

Individual Support can include consultation, assessment, intervention and support in accessing community services; and may include a child or youth's circle of care, such as caregivers, teachers, and community service providers and identified caring adults. All services are provided by professional social workers registered with the Ontario College of Social Workers and Social Service Workers and are available in all schools. Services may be provided in person and/or virtually, via MS Teams.

- *To access Social Work Services please contact the Principal/Vice-Principal of your school or (905) 527-5092 ext. 2806.*

HWDSB Groups

Social and Support Groups for Transgender, Non-binary, Gender Non-conforming and Gendering Questioning Children and Youth

- ***Transcend Youth Group:*** Transcend is a social and support group for transgender, non-binary, gender non-conforming and gender questioning children and youth from HWDSB schools. Group meetings are held once per month for two hours and are facilitated by peer leaders with lived experience. Transcend meetings are a welcoming environment which allows youth to develop social connections with others who share some aspect of their identity, so that they can help and support and learn from each other and from the facilitators.
 - Please contact dbyers@hwdsb.on.ca for more information.

Child/Youth Treatment Groups offered by Social Work Services and Psychological Services

- **AFFIRM:** Is an eight-session Cognitive-Based Therapy informed treatment group specifically for Two Spirit and LGBTQIA+ youth to develop coping skills for anxiety and stress related to experiences of discrimination related to their sexual and gender identities. The goals of AFFIRM are to decrease unhelpful thoughts, feel better about yourself and lives, and to make healthy choices for sexual and mental health.
 - Register online projectyouthaffirm.org or contact dbyers@hwdsb.on.ca if you have any questions.
- **TRAILS Anxiety and Depression:** TRAILS (Transforming Research into Action to Improve the Lives of Students) groups are designed to help our children and youth (grades 6 to 12) who struggle with moderate symptoms of stress, anxiety, and/or depression by teaching evidence-based cognitive behavioral therapy (CBT) and mindfulness skills. TRAILS A+D aims to help children and youth develop effective coping skills and strategies to help manage their emotions and choose helpful behaviours. This is a 10-week program that may be offered virtually and/or in person, as public health guidelines allow. Children and youth who might benefit from the group are primarily having difficulty with both anxiety and depressive symptoms/low mood that is impairing their functioning. Children and youth interested in participating should have some awareness of their struggles and would be motivated to improve their coping skills. Parent sessions are also available as part of the program, so that parents have a better understanding of their child's mood and anxiety difficulties and effective strategies to continue to improve overall wellbeing. This is a closed group, and we are currently accepting applications.
 - To access Social Work Services, please contact the Principal/Vice-Principal of your school or (905) 527-5092 ext. 2806.
- **Teen Activation Group (TAG):** TAG is a treatment group for youth (grades 9 to 12) struggling with depression and anxiety who are not ready to access other treatment options. The group is based on Cognitive Behaviour Therapy (CBT) and Behaviour Activation Therapy. The goal of the group is to help child and youth to reduce their depressive and anxious symptoms and increase their overall activity level, so they can access other treatment options or so they no longer require treatment. The group engages in education sessions, as well as social and physical activities. This is an open group and referrals are accepting on an ongoing basis.
 - To access Social Work Services, please contact the Principal/Vice-Principal of your school or (905) 527-5092 ext. 2806.
