

## **JOB OPPORTUNITY NOTICE**

### **Plumber**

#### **Full-Time Permanent Position**

**Afternoon Shift 2:00 to 10:00 p.m.**

**\$26.91 per hour**

Reporting to the Lead Supervisor of Infrastructure, Buildings and Plumbing, the incumbent will perform installation, repairs and maintenance on the Board's plumbing systems and components.

#### **Duties include but are not limited to:**

- Install, repair and maintain plumbing systems and components
- Install, repair and maintain storm, sanitary and water piping systems
- Locate and mark positions for connections and fixtures
- Install supports and hangers for pipe, fixtures and equipment
- Assemble and install valves and fittings
- Install, repair and maintain water treatment equipment, piping and controls
- Install, repair and maintain sinks, tubs and toilets
- Install, repair and maintain water heaters and conditioners
- Install, repair and maintain plumbing fixtures, appliances and trim
- Test pipe systems and fixtures for leaks
- Perform scheduled maintenance service on plumbing systems and fixtures
- Review building plans and specifications to determine the layout for plumbing and related materials
- Select the type and size of pipe required. Identify required tools and special equipment
- Maintain all building codes, installation requirements and relevant legislation
- Apply all codes to installations, repairs and maintenance
- Ensure all requirements as specified by the manufacturer of systems and fixtures are met

- Ensure all installations, repairs and maintenance are properly sized, aligned, supported and graded
- Ensure all installations, repairs and maintenance meets the requirements of the appropriate codes
- Ensure all installations, repairs and maintenance meet environmental protection requirements
- Administer and schedule work, prepare costing, order supplies, keep daily reports, service reports, schedule work in cooperation with other trades and suppliers
- Other duties as assigned by Maintenance Supervisor Personnel

**Qualifications:**

- Journeyman Certification in Plumbing, certified to work as a Plumber in Ontario
- Currently holding or prepared to obtain a Gas Technician II certification
- The ability to interpret drawings and blueprints
- Physically capable of performing the duties as outlined above while working with regulated substances and confined space situations
- Ability to wear appropriate protective equipment including a respirator
- Valid Class G Driver's license and reliable transportation
- Must be willing to work evenings and weekends with suitable prior notice

A condition of employment requires that you pass the Board's physical testing component. Additional information will be provided during the interview process.

**Deadline for submission is 4:00 p.m. on Monday, December 14, 2020.**
