

GR. 1-6: CRAZY CHEMWORKS

ON WEEKDAYS DURING/AFTER SCHOOL
HELD @ A SCHOOL NEAR YOU FOR 8 WEEKS
OCTOBER 20TH – DECEMBER 11TH

"I think what you offer is amazing. We've signed up for a lot of your programs and the kids are never bored. Always excited about Mad Science day. But the best will always be watching them talk and play science. What a gift to be able to ignite science in little minds. Thank you for all that you do."

- H.D., November 2023

SAVE \$22 IF REGISTERED BY OCTOBER 14TH!

REGISTER ONLINE

HAMILTON.MADSCIENCE.ORG

or call us to secure your spot!

Registration is first come, first serve until program is full!

ALL REGISTRATIONS MUST BE COMPLETED THROUGH MAD SCIENCE.
REGISTRATIONS WILL NOT BE ACCEPTED AT THE SCHOOL.

Registration Information

Policies: By registering your child, you acknowledge that you have read and agree to the policies found on our website.

Reminder: Announcements will be made at the beginning of each class to remind all registered children to attend the Mad Science program.

We suggest to write a reminder in your child's daily planner to let their classroom teacher know your child is registered and should be attending.

Program Cost: Please see website Register by Tuesday October 14th to receive the early bird price and save \$22

Payment Information: All Major Credit Cards Accepted. Please call the Mad Science office if you prefer a different method of payment.

Questions: Please direct all questions to the Mad Science office rather than your school office.

Behaviour Expectations: We are committed to offering a quality program for every child registered in Mad Science. Your child should be able to interact safely and appropriately with the Presenter, the other children in the class, and the equipment in both group and individual activities. While we make every effort to assist each child in having a great experience, children who display behaviour not within these guidelines may be withdrawn.

Program Details: This fun, safe and interactive course is suitable for Grade 1-6 students. Your children will be working with our professional, trained Presenters. Each class is filled with dynamic demonstrations, tons of hands-on activities and weekly take-homes! If the program is happening during lunch or nutrition break, your child will eat during the first part of class.
