

**Let's Get Together!**  
Connecting parents, youth, and communities

Wednesday, March 10, 2021

Hello!

We are the Students Expo Team!

We're a group of undergraduate students from the University of Toronto Mississauga who are collaborating with Let's Get Together to host the first **Students Expo on March 20th and March 21st, 2021**. The theme this year is *"Invest in Myself"*.

**These two half-day sessions are geared towards motivating Grade 8 - 12 students across Canada to start investing in their future by saying yes to new learning experiences and take more ownership of their learning so they can create their own path to success.**

As recent high school graduates, we have experienced this daunting, confusing, and uncertain transition. So, we want to provide the younger generation with the resources, tips and support we wished we had during our journey. We believe the Students Expo will benefit many as we aim to provide a variety of experiences and perspectives from students, parents and professionals to create a sense of community around the topic of education.

This event is free and will be hosted online via zoom. Can you please share and encourage your students to join us at the Students Expo, and share it on your social media? It would mean a lot to us and hopefully even more to them.

Please reach out if you have any questions or inquiries about the event at [expo@letsgettogether.ca](mailto:expo@letsgettogether.ca). You can also follow us on Instagram @studentsexpo & @GetTogetherTO. We have also attached the event poster, if you would like to share it with others.

**As Mr Warren Buffet, who is considered one of the most successful investors of all time said, "Your best investment is in yourself."**

Sincerely,

The Student Expo Team
