

**SAT. APRIL 27, 11AM**

**MAKING LEMONADE: LESSONS OF RESILIENCE THROUGH THE PANDEMIC**

Drawing on interviews with Main Street retailers and non-profit organizations, Dr. McKnight will explore how the pandemic affected people's personal and professional lives in big and small ways.

**DR. BRENT MCKNIGHT**

**SAT. MAY 25, 2024, 11AM - 12:30PM**

Do you want to learn how to solve problems creatively? At this hands-on workshop you will participate in how to use design thinking!

You will also hear about how students at McMaster University helped find a solution for more than 50,000 people who need to learn and stay up-to-date with technology changes.

**FREE** family programming  
Geared towards ages 7-14
