

MATH SUCCESS PROGRAM

FOR STUDENTS IN GRADES 5- 8

Students Will Receive:

Homework Support

Small group & 1 to 1 help to complete their homework

Strategies For Mental Math

Students will master the 4 operations

Mentorship

Volunteers from local high schools and the community work with our students

Improved Confidence

Students will be more resilient and able to tackle more complex tasks

“The students I worked with showed much more willingness to tackle problems and access their skills. This increased confidence helped them to succeed.” Volunteer Tutor

The program is **Free** for participants because of the support of our generous donors.
