

A.C.C.A Creative Coder's Program

This Program will introduce youth (7-13) to block based coding through weekly workshops using Scratch coding platform. For more information on scratch visit (www.scratch.mit.edu). Our workshops will be culturally relevant and focused on sparking creativity through computer science in in our youth.

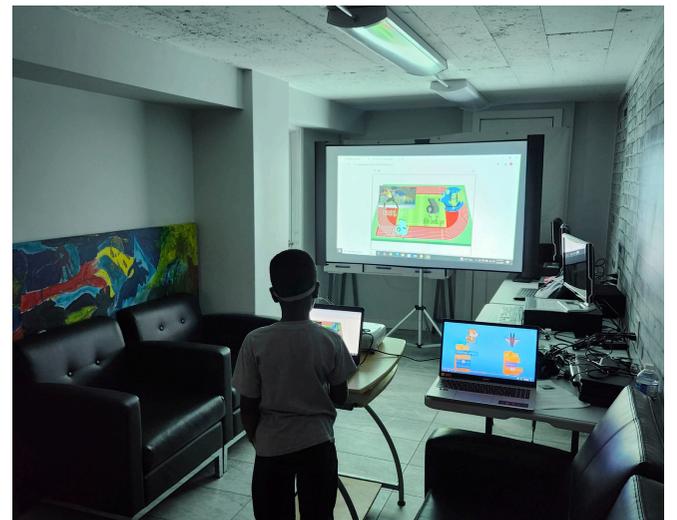

***P.S. You may bring your own device or we will provide one.**

When: January 7 – March 11, 2026

Wednesday's 5:00–6:30 PM

Where: ACCA Headquarters @ 423 King St E,
Hamilton.
