What is CityKidz?

CityKidz is a faith based organization that provides FREE programming for children and youth in Grades 1 to 12. Our programs help youth build confidence and achieve their dreams and full potential. We teach kids that they matter, that they are loved, and that they can change their future – and with it, the world.

Through fun weekly programs, like CityKidz Saturdays, CityYouth and Home Visits, CityKidz provides a safe and supportive environment where kids can make friends, share meals, and grow.

The big red bus comes to the neighbourhood to bring kids and youth to the CityKidz theatre. Here, kids enjoy interactive programming that blends songs, skits, games, and music to teach meaningful life lessons built on faith, hope, and love. These experiences encourage them to believe in themselves, support others, and remain hopeful about what lies ahead.

We continue to support youth through their teenage years, with programming that provides the tools they need to grow into confident, capable, and caring adults. Our youth mentors offer wisdom, support and practical life skills to help resilient teens realize their dreams.
