What is CityKidz?

CityKidz is a non profit, faith-based organization that offers free Saturday programs for children. At CityKidz, our goal is for every child to have fun, learn positive values and skills and build strong foundations to support their dreams and reach their goals. CityKidz provides door-to-door bus transportation on our big red buses for participants living on designated CityKidz bus routes.

What happens on Saturdays?

Your child(ren) will be picked up by our big red bus at your home or designated meeting spot and then travel to our Theatre to enjoy our unique program. The fun starts with a meal, while enjoying video clips and quizzes on our large theatre screen. During the main show, children enjoy an interactive program with songs, stories and games that feature important values and life lessons that they share with their leaders and peers. We encourage each child to learn to dream big, make positive choices and always do what's right.

What happens on the Big Red Bus?

Your child will be picked up at your home or designated meeting spot where we meet with you to make sure that they're signed in properly. The bus captain and their team supervise the children to ensure that everyone is safe and enjoys a fun bus ride. After the show, your child will be dropped off back at your home.

Who will take care of my children at CityKidz?

Children are cared for by our staff and a committed team of volunteers who are carefully screened and trained.

When are CityKidz Studio shows?

CityKidz runs on Saturdays from September - December and March - June. Members of our team will provide you with a detailed calendar and schedule when they connect during the week.

Where is CityKidz?

Our theatre is located at 601 Burlington Street East in Hamilton.

What food is served?

We provide a nutritionally balanced meal. Menu details are included in a flyer we deliver to your home prior to Saturday. We do our best to ensure that all food items are pork, gelatin and nut free.

How much does it cost for my child to attend?

Absolutely nothing!
