PURPOSE:

Hamilton-Wentworth District School Board (HWDSB) is committed to creating safe, inclusive and caring school environments through a focus on healthy relationships and development of positive school climates. Bullying, on or off school property, will not be tolerated and is never acceptable. Students and parents/guardians/caregivers will be informed and engaged when incidences of bullying have occurred.

All students have a right to a safe and nurturing learning environment that is free from exploitation, exclusion, harassment, discrimination, bullying and violence. Bullying adversely affects a student's well-being, ability to learn, attendance, safety, sense of self-worth and may be a violation of their human rights. It adversely affects the school climate, including healthy relationships. Bullying, including cyber-bullying, is a serious issue and is **not** acceptable in the Board and school environment (including virtual), in a Board or school-related activity, or in any other circumstances that will have an impact on the school climate (e.g. off school property).

All Board employees have a responsibility to respond and report behaviour that may lead to or be described as bullying. It is the responsibility of all individuals within a school, as part of a school community, to contribute to a positive school climate that is inclusive and accepting of all students and staff, and that promotes the prevention of bullying.
