

Accommodation Review Delegations East Hamilton City 2

HWDSB is reimagining its role in the community and revitalizing its approach to education. Your input will help us look at schools in a 'big picture' way to plan for the future and create the best environments for students. Together, we can revitalize our programs, renew our facilities and maximize our partnerships.

Over the past four months, the Lower Stoney Creek Accommodation Review has held working and public meetings to look at potential options involving Elizabeth Bagshaw, Glen Brae, Glen Echo, Lake Avenue, Sir Isaac Brock, and Sir Wilfrid Laurier elementary schools. This is your chance to have your final say on the report.
