Reporting process for February

Yorkview supports student success with ongoing communication throughout the year. This year, there will be no school-wide parent/teacher interview day scheduled for the February reporting period nor will there be a formal report card.

By this point in the school year, most parents are aware of their child's progress based on the ongoing communication from the classroom teacher, as well as the interviews held in November. Should your child's progress be of great concern, the teacher should have already contacted you to discuss ways to work together to further support his/her learning needs.

Yorkview teachers are committed to providing parents with the information they need to support their child's success and will continue to communicate with parents throughout the school year. The best way to see how your child is progressing in school is through the ongoing communication you receive by checking their agenda. Some of the ways to keep up-to-date about your child's progress include the following:

- talk to your child about school—students receive comments on the work done for learning (formative) and of learning (summative)
 - review your child's homework (which is a finishing of classwork or reinforcement of classwork) and agenda
 - review copies of feedback comments and final marks your child has received on formative and summative assessments

Bucket Filling in February

For the month of February, we will be discussing CARING. To show CARING, everyone must have a genuine willingness to reach out and help, support and protect others. It is through caring for one another that we build connections and community.

Kindergarten Registration February 1-12

Kindergarten Registration has begun for September 2020. If you have a child born in **2016**, they can be registered starting February 3rd. If you know people in the community with age appropriate children, please let them know. To register, you must bring a birth certificate, immigration or equivalent papers (if born outside of Canada), an immunization record and proof of address. The office is open from 8:30 to 2:45 for registration. We hope to see you and your young students soon.

Parking

I want to thank all the families that have begun to use Cameron Avenue or the surrounding streets for drop-off and pick-up. Despite this, the traffic at the start and end of the day continues to be of concern. Cars are blocking community driveways and even parking in the bus drop off zone. We must do our part in maintaining positive community relationships by keeping driveways clear and parking legally.

Even more importantly, we need to ensure that the students are safe at all times. The best solution is still to have your children walk to school. You can either accompany them or teach them a safe route. By doing these things, the students are safer than they would be than with the large number of vehicles presently entering the school parking lot. The next best solution is to drop children off & pick them up on the school playground.

If you do need to use the school parking lot for drop off or pick up from the YMCA before and after care program, please adhere to the signs placed for entry and exit.
