students)

We have partnered with Netsilik School in Taloyoak, Nunavut, Canada, serving a population of about 300 students from Kindergarten to Grade 12 and Jimmy Hikok Ilihakuik Elementary School located in Kugluktuk, Nunavut.

We are hoping to collect clothing items for donation to the students attending the schools; thereby extending our connection to a more personal level with Indigenous students.

We are looking to create some correspondence with the schools through teacher and class connections.

## Let's clean out those closets and donate!
